¹ These requirements apply to all companies, other than closed-end management investment companies. A closed end management investment company, including a business development company, is not required to meet the financial requirements of Rule 5315(f)(3). If the common stock of a company is included in The NASDAQ Global Select Market, any other security of that same company, such as other classes of common or preferred stock, which qualifies for listing on The NASDAQ Global Market shall also be included in The NASDAQ Global Select Market.

² In calculating income from continuing operations before income taxes for purposes of Rule 5315(f)(3)(A), NASDAQ will rely on a company's annual financial information as filed with the Securities and Exchange Commission (SEC) in the company's most recent periodic report and/or registration statement. If a company does not have three years of publicly reported financial data, it may qualify under Rule 5315(f)(3)(A) if it has: (i) reported aggregate income from continuing operations before income taxes of at least \$11 million and (ii) positive income from continuing operations before income taxes in each of the reported fiscal years. A period of less than three months shall not be considered a fiscal year, even if reported as a sub period in the company's publicly reported financial statements.

³ In calculating cash flows for purposes of Rule 5315(f)(3)(B), NASDAQ will rely on the net cash provided by operating activities reported in the statements of cash flows, as filed with the SEC in the company's most recent periodic report and/or registration statement, excluding changes in working capital or in operating assets and liabilities.

A period of less than three months shall not be considered a fiscal year, even if reported as a stub period in the company's publicly reported financial statements.

⁴ In the case of a company listing in connection with its initial public offering, compliance with the market capitalization requirements of Rules 5315(f)(3)(B) and 5315(f)(3)(C) will be based on the company's market capitalization at the time of listing.

⁵ The bid price requirement is not applicable to a company listed on The NASDAQ Global Market that transfers its listing to The NASDAQ Global Select Market.

⁶ A company that also satisfies the requirements of Rule 5405(b)(1) or 5405(b)(2) is required to have three market makers. Otherwise, the company is required to have four market makers. An electronic communications network (ECN) is not considered a market maker for the purpose of these rules.

- A company that submits an application to list on The NASDAQ Global Select Market or The NASDAQ Global Market, but prior to listing, revises its application to seek listing on The NASDAQ Capital Market, is not required to pay the application fee in connection with its revised application.

CLOSED-END FUNDS

LISTING REQUIREMENTS

A “Closed-End Fund” is defined as a closed-end management investment company registered under the Investment Company Act of 1940, as amended, or exempt from registration as a business development company as defined in Section 2 of the Investment Company Act of 1940. A Closed-End Fund listing on The NASDAQ Global Select Market is not subject to the financial requirements of Rule 5315(f)(3), although a business development company must have a market value of listed securities of at least \$80 million. In addition, a Closed-End Fund listing on The NASDAQ Global Select Market, as part of a Fund Family as defined in Rule 5315(c), may be subject to different liquidity requirements. A Closed-End Fund listing on The NASDAQ Global Market or The NASDAQ Capital Market is required to comply with the same listing standards that are applicable to a company listing its common stock. See the Listing Requirements on pages 1, 7 and 11, respectively.

ENTRY FEES

- A Closed-End Fund submitting an application to list on The NASDAQ Global Select Market, The NASDAQ Global Market or The NASDAQ Capital Market shall pay an entry fee of \$5,000 (of which \$1,000 represents a non-refundable application fee and must be submitted at the time of the application).
- NASDAQ does not charge application or entry fees for any securities that are transferred from a national securities exchange to list exclusively on The NASDAQ Stock Market.

ANNUAL FEES

A Closed-End Fund listed in The NASDAQ Global Select Market, The NASDAQ Global Market or The NASDAQ Capital Market shall pay an annual fee based on total shares outstanding according to the following schedule:

Total Shares Outstanding	Annual Fees
Up to 5 million	\$15,000
5+ to 10 million	\$17,500

50+ to 100 million	\$30,000
100+ to 250 million	\$50,000
Over 250 million	\$75,000

The maximum annual fee applicable to a fund family shall not exceed \$75,000. For purposes of this rule, a “fund family” is defined as two or more Closed-End Funds that have a common investment adviser or have investment advisers who are “affiliated persons” as defined in Section 2(a)(3) of the Investment Company Act of 1940, as amended.

CORPORATE GOVERNANCE REQUIREMENTS

Companies listed on The NASDAQ Stock Market are required to meet the high standards of corporate governance, as set forth in the NASDAQ Listing Rules.

These requirements are summarized below and the relevant rule references are provided. Before taking any action, a company should refer to the complete requirements included in the Rule 5000 Series, which are available on our website at http://nasdaq.cchwallstreet.com/NASDAQTools/bookmark.asp?id=nasdaq-rule_5000&manual=/nasdaq/main/nasdaq-equityrules/.

For questions regarding these requirements, companies are encouraged to contact Listing Qualifications at +1 877 536 2737 or +1 301 978 8008. In addition, NASDAQ will provide a written interpretation of the rules for a fee as described at <http://www.nasdaq.com/about/StaffInterpLetters.stm>.

These requirements generally do not apply to limited partnerships (LPs). LPs are subject to the requirements of Rule 5615(a)(4) which can be found at http://nasdaq.cchwallstreet.com/NASDAQTools/bookmark.asp?id=nasdaq-rule_5615&manual=/nasdaq/main/nasdaq-equityrules/.

DISTRIBUTION OF ANNUAL AND INTERIM REPORTS

Each company must make available to its shareholders an annual report containing audited financial statements of the company and its subsidiaries either by: (i) by mailing the report to shareholders, (ii) satisfying the requirements for furnishing an annual report contained in Exchange Act Rule 14a-16, or (iii) posting the report on or through the company's website. A company that chooses to satisfy this requirement via a website posting must, simultaneously with this posting, issue a press release stating that its annual report has been filed with the SEC (or other appropriate regulatory authority). This press release must also state that the annual report is available on the company's website and include the website address and that shareholders may receive a hard copy free of charge upon request. A company must provide such hard copy within a reasonable period of time following the request. [Rule 5250(d)(1)]

Each company must make interim reports available to shareholders upon request. As is the case with the annual report, a company must send a hard copy of the interim report to any shareholder upon request. [Rule 5250(d)(2)]

BOARD REQUIREMENTS

Independent Directors

Each company's board of directors is required to have a majority of independent directors. [Rule 5605(b)(1)] Rule 5605(a)(2) describes certain relationships that preclude a person from being an independent director. In addition, the company's board must make a determination that there is no other relationship that would interfere with the exercise of independent judgment in implementing the responsibilities of a director.

Executive Sessions

Independent directors must have regularly scheduled meetings at which only independent directors are present. [Rule 5605(b)(2)] It is contemplated that executive sessions will occur at least twice a year and perhaps more frequently, in conjunction with regularly scheduled board meetings.

Compensation and Nominating Committees

Independent directors must determine (or recommend to the full board for their determination) the compensation of the chief executive officer and other executive officers. Independent directors must select (or recommend to the full board for their selection) nominees for directors.

These functions can be performed either by committees consisting solely of independent directors, or, alternatively, by a majority of the company's independent directors operating in executive session. [Rules 5605(d) and 5605(e)] Limited exceptions are available to these requirements, including the controlled company exception and the exceptional and limited circumstances exception described below.

Audit Committees

Each company is required to have an audit committee consisting solely of independent directors who have the requisite financial experience and expertise. The audit committee must also satisfy the requirements of SEC Rule 10A-3, and it must have at least three members. [Rule 5605(c) and SEC Rule 10A-3]

Controlled Company Exception

A Controlled Company is not required to have a majority of independent directors and is not required to have the nominating and compensation functions performed by independent directors. A Controlled Company is one of which more than 50% of the voting power is held by an individual, a group, or another company. [Rule 5615(c)]

Exception for "Exceptional and Limited" Circumstances

One director who is not independent under NASDAQ's definition may be appointed to the nominating, compensation and audit committees, provided the board determines, under exceptional and limited circumstances, that the individual's membership on the committee is required by the best interests of the company and its shareholders, and the company discloses, in the proxy statement for its next annual shareholders' meeting, the nature of the relationship and the reason for the determination. This exception cannot be utilized for an exemption from any requirement of SEC Rule 10A-3 for a director on the audit committee. A member appointed under this exception may not serve longer than two years. [Rules 5605(c)(2)(B), 5605(d)(3) and 5605(e)(3)]

Phase-ins for Initial Public Offerings

A company listing in connection with an initial public offering has twelve months from the date of listing to comply with the majority independent board requirement. In addition, the compensation, nominating and audit committees must have at least one independent director at the time of listing, a majority of independent directors within 90 days, and be fully independent within one year. [Rule 5615(b)(1)]

Cure Periods

In certain circumstances, cure periods are available for listed companies that fail to comply with the independence requirements. [Rules 5605(b)(1)(a) and 5605(c)(4)]

SHAREHOLDER MEETINGS

Annual Meeting

Each company is required to hold an annual meeting of shareholders no later than one year after the end of its fiscal year. [Rule 5620(a)]

Quorum

Each company must provide for a quorum of not less than 33 1/3% of the outstanding shares of its voting stock for any meeting of the holders of its common stock. [Rule 5620(c)]

Solicitation of Proxies

Each company is required to solicit proxies and provide proxy statements for all meetings of shareholders consistent with the applicable requirements of the SEC including the “e-proxy” provisions. [Rule 5620(b)]

CONFLICTS OF INTEREST

Each company shall conduct appropriate review and oversight of all related party transactions for potential conflict of interest situations. The review must be conducted by the audit committee or another independent body of the board of directors. [Rule 5630]

SHAREHOLDER APPROVAL

Companies are required to obtain shareholder approval of certain issuances of securities including:

- Acquisitions where the issuance equals 20% or more of the pre-transaction outstanding shares, or 5% or more of the pre-transaction outstanding shares when a related party has a 5% or greater interest in the acquisition target [Rule 5635(a)]
- Issuances resulting in a change of control [Rule 5635(b)]
- Equity compensation [Rule 5635(c)]
- Private placements where the issuance (together with sales by officers, directors, or substantial shareholders, if any), equals 20% or more of the pre-transaction outstanding shares at a price less than the greater of book or market value. [Rule 5635(d)]

CODE OF CONDUCT

Each company must adopt a code of conduct applicable to all directors, officers and employees. The code must satisfy the definition of a “code of ethics” set out in the Sarbanes-Oxley Act of 2002, and it must be publicly available. A company may adopt multiple codes applicable to different types of employees. Any waivers to the Code of Conduct made to directors or executive officers must be approved by the board and publicly disclosed. [Rule 5610]

FOREIGN PRIVATE ISSUER EXEMPTION

Foreign private issuers may follow their home country governance practices in lieu of certain NASDAQ requirements contained in Rule 5600, the requirement to distribute annual and interim reports set forth in Rule 5250(d), and the Direct Registration Program requirement set forth in Rules 5210(c) and 5255, provided the company discloses in its annual report on Form 20-F each requirement that it does not follow and the alternative home country practice it does follow. Alternatively, a Foreign Private Issuer that is not required to file its annual report with the Commission on Form 20-F may make this disclosure only on its website. [Rule 5615(a)(3)]

VOTING RIGHTS

The voting rights of existing shareholders cannot be disparately reduced or restricted through any corporate action or issuance. For a non-U.S. company, NASDAQ will accept any action or issuance relating to the voting rights structure that complies with NASDAQ’s requirements for domestic companies or that is not prohibited by the company’s home country law. OTHER LISTING REQUIREMENTS

All companies listed on The NASDAQ Stock Market must comply with the following listing requirements, as set forth in the NASDAQ Listing Rules. All of the forms mentioned in this section are available at www.NASDAQ.com/about/listing_information.stm.

CERTIFICATION

Upon listing on The NASDAQ Stock Market, each company must complete a *Corporate Governance Certification Form*, which certifies the company's compliance with NASDAQ's requirements relating to the Audit Committees, the Director nominating process, the determination of Officer compensation, Board composition, executive sessions, quorum and code of conduct. [Rule 5205(b)]

After the initial certification, an updated certification form is required only if a change in the company's status results in the prior certification no longer being accurate. For example, if a company indicated on its certification that it was not subject to a requirement because it was a controlled company, that company must submit a new form if it ceases to be a controlled company. Similarly, a foreign private issuer that relied on an exemption in its certification would have to file a new certification if the company ceased to be a foreign private issuer.

LISTING AGREEMENT

Upon listing on The NASDAQ Stock Market, each company must sign a listing agreement, which certifies that the issuer understands and will abide by NASDAQ's rules, as they are amended from time to time, and will pay all applicable listing fees when due. [Rule 5205(a)]

An issuer is required to notify NASDAQ when the company changes its corporate name by completing the *Notification: Change in Company Record* and a new *Listing Agreement*. Please note that NASDAQ assesses a \$2,500 fee in connection with this change. These forms and the applicable fee are due no later than 10 calendar days after the change; however, NASDAQ recommends that the submission be made no later than two business days prior to the requested change. In addition, a copy of the applicable proxy or board resolutions and a copy of the amended Articles of Incorporation should be sent to Listing Qualifications.

AUDITOR REGISTRATION

Each listed issuer must be audited by an independent public accountant that is registered as a public accounting firm with the Public Company Accounting Oversight Board, as provided for in Section 102 of the Sarbanes-Oxley Act of 2002 [15 U.S.C. 7212]. [Rules 5210(b) and 5210(c)(3)]

A change in the company's certifying accountants must be reported to the SEC on Form 8-K or Form 6-K. Companies should notify NASDAQ MarketWatch immediately upon the resignation or termination of its auditors. Please see the "Disclosure of Material News" section of our *Regulatory Requirements* publication at <http://www.nasdaq.com/about/RegRequirements.pdf>.

DIRECT REGISTRATION PROGRAM

All securities listed on NASDAQ (except securities which are book-entry only) must be eligible for a Direct Registration Program operated by a clearing agency registered under Section 17A of the Exchange Act. [Rule 5210(c)]

If an issuer establishes or maintains a Direct Registration Program for its shareholders, the company must, directly or through its transfer agent, participate in an electronic link with a clearing agency registered under Section 17A of the Act to facilitate the electronic transfer of securities held pursuant to such program. [Rule 5255]

A listed company should notify NASDAQ in writing if it changes its transfer agent or adopts amendments to its corporate articles of incorporation or by-laws that would change its Direct Registration Program.

OBLIGATION TO PAY FEES

Companies are obligated to pay all applicable fees as described in the Rule 5900 Series. [Rule 5250(f)]

LISTING OF ADDITIONAL SHARES

All companies listed on The NASDAQ Stock Market are required to notify NASDAQ prior to:

- Issuing any common stock, or security convertible into common stock, in connection with the acquisition of the stock or assets of another company, if any officer or director or substantial shareholder of the issuer has a five percent or greater interest (or if such persons collectively have a 10% or greater interest), directly or indirectly, in the company or assets to be acquired or in the consideration to be paid; or
- Issuing securities that may potentially result in a change of control of the issuer;

The applicable *Notification* should be submitted to NASDAQ no later than 10 days prior to the record date. Both *Notifications* are available at www.NASDAQ.com/about/listing_information.stm.

WRITTEN INTERPRETATION OF NASDAQ LISTING RULES

NASDAQ will provide a written interpretation of the application of NASDAQ listing rules to its issuers. Pursuant to Listing Rule 5602, a company is required to submit to NASDAQ a non-refundable fee in connection with a request for a written interpretation of the listing rules. NASDAQ offers two levels of service - regular timing and expedited. The fee for the regular timing is \$5,000, and for the expedited, \$15,000. The response times, as measured from the date that NASDAQ receives all information necessary to respond, are typically: (1) for the regular timing, within four weeks, and (2) for the expedited timing, less than four weeks, but at least one week. While it typically takes several weeks to issue an interpretative letter, NASDAQ will make every effort to accommodate a company's timing needs. Nonetheless, depending on the complexity of the issues, and the amount of time the company takes to respond to questions, NASDAQ may not be able to respond in the requested time frame. However, if we determine that an interpretative response was excessively delayed, we may, at our discretion, refund the fee.

Please note that NASDAQ does not impose fees for requests related to initial listing on The NASDAQ Stock Market or requests for a financial viability exception pursuant to Rule 5635(f). Companies, that have a class of securities which have been suspended or delisted from NASDAQ, but the suspension or delisting decision is under review pursuant to the Rule 5800 Series, are eligible to request a written interpretation, subject to the payment of the appropriate fee.

For specific instructions on the submission of an interpretative request, please see Staff Interpretative Letters at www.NASDAQ.com/about/StaffInterpLetters.stm.
