LANDERS SPECIFICALLY DISCLAIMS ANY AND ALL WARRANTIES, EXPRESSED OR IMPLIED BY LAW, OR BY AFFIRMATION, PROMISE, DESCRIPTION OR SAMPLE, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY, USAGE OR TRADE, OR FITNESS FOR A PARTICULAR PURPOSE.

11. WARNING OF INHERENT RISKS

A. IT IS EXPRESSLY RECOGNIZED AND ACKNOWLEDGED THAT THE LANDERS HORIZONTAL TECHNOLOGY IS OPERATED UNDER VERY HIGH PRESSURES AND THAT THERE ARE INHERENTLY AND EXTREMELY DANGEROUS RISKS INVOLVED IN OPERATING THE TECHNOLOGY OR ANY EQUIPMENT UTILIZING HIGH PRESSURES. THE PRESSURES GENERATED BY THE TECHNOLOGY ARE CAPABLE OF CUTTING THROUGH AND PENETRATING ROCK, METAL, CLOTHING, SKIN, BONE, AND PROTECTIVE CLOTHING AND GLASSES OR GOGGLES, AND THAT SUCH MAY CAUSE SERIOUS INJURY OR DEATH. ALSO, THE DRILLING AND BLASTING OF OIL AND GAS WELLS AND CHANNELS CAN CAUSE OR CREATE PUNCTURES OR LEAKS IN THE EQUIPMENT, WHICH CAN ALLOW FLUID UNDER EXTREMELY HIGH PRESSURES TO ESCAPE, WHICH CAN CAUSE SERIOUS INJURY OR DEATH. LICENSEE SHALL HOLD LANDERS HARMLESS FROM ANY DEATH OR INJURY TO PERSONS OR PROPERTY ARISING OUT OF OR RESULTING FROM THE USE OF THE TECHNOLOGY, OR FROM THE NEGLIGENCE OR WILLFUL MISCONDUCT OF LICENSEE OR LICENSEE'S PERSONNEL.

B. Licensee is and shall remain an independent contractor and Licensee alone shall be answerable for any loss or damage caused by it or its employees or agents. Licensee may indicate in its advertising and on its stationery that it is an authorized Landers licensee, provided that Licensee clearly understands and states that it is separately owned and operated.

C. Landers does not authorize Licensee to represent itself as Landers, or does Landers authorize Licensee to pledge the credit of Landers or enter into any contract for Landers, nor does Landers convey to Licensee any property interest in Landers name, trademarks, or patents.

13. Assignment.

A. This Agreement may not be assigned by Licensee except as provided in Section 7 Subsection - C- ii.

B. This Agreement may be assigned by Landers to any party, provided that Landers provides ten (10) days written notice to Licensee of such assignment and requires the assignee to assume all Landers' responsibilities arising under this Agreement.

14. Former Agreement. Except as stated herein, all prior or contemporaneous

written or oral statement, arrangements, or agreements regarding the License are merged into and superseded by this Agreement.

15. Severability. If any provision of this Agreement is held to be invalid or

unenforceable or is not enforced, this Agreement shall be considered divisible as to such provisions and the remainder of the Agreement valid and binding as though such provision were not included in this Agreement.

16. Change of Design.

A. Landers reserves the right to change the design of its products at any time it is deemed necessary. Landers is not to be held responsible for making such design changes on the Landers Horizontal Technology or Downhole Equipment constructed and/or shipped by Landers prior to the incorporation of such design changes. Licensee will be notified of design enhancements to the Landers Horizontal Technology within ninety (90) days of completion of development and the design enhancements be made available to Licensee. The rights to these design enhancements will be subject to the covenants of this agreement.

B. In the same manner Licensee shall make all design changes made by any person or entity affiliated with or associated with Licensee, or with any sub-licensee that Licensee is affiliated with, available to Landers, and it shall be the sole property of Landers.

other industrial, disturbances, inevitable accident, war, riot, insurrection,
act of terrorism or other causes beyond the control of the party claiming force
majeure. The party most affected shall act diligently to remove the force
majeure condition at the earliest practicable time. In no event shall financial
inability to pay be considered force majeure; nor shall force majeure excuse any
party's obligation to pay pursuant to this Agreement, any sums for which such
party became obligated prior to the occurrence of the force majeure event.

19. Compliance with Law.

A. Licensee agrees that it will not violate any applicable law or
regulation of any country, state, or political subdivision thereof in performing
or purporting to perform any act arising out of or in connection with this
Agreement.

B. Pursuant to the above-stated obligation, Licensee agrees to maintain
such records as required by applicable laws and regulations and to provide all
written assurances required by Landers in connection with such laws and
regulations.

20. Environmental and Occupational Regulations. It is Licensee's obligation to

insure that all environmental and work place regulations applicable to Licensee,
either Federal, State or local, are adhered to and that any conditions set by
environmental or occupational regulatory agencies such as EPA or OSHA are met by
Licensee.

21. Indemnification.

A. Licensee agrees to hold Landers harmless and to indemnify and defend
Landers for all claims, losses and liabilities ("Losses") that may occur as the
result of Licensee's acts or omissions under this Agreement or otherwise, or
arising out of or resulting from the use proper or improper, of the Landers
Horizontal Technology, or from the negligence or willful misconduct of Licensee
or Licensee's personnel, or of its sub-licensee or assignee.

B. ATTORNEY FEES. THE SUCCESSFUL PARTY IN ANY LITIGATION SHALL RECOVER
ITS ATTORNEY FEES AND RELATED LITIGATION EXPENSES, INCLUDING TIME AND TRAVEL. IN

22. No Liability on Termination. The right to termination of this Agreement

pursuant to the provisions of this Agreement is absolute and Landers shall not incur any liability by reason of such termination. Licensee shall release Landers from damages and from any claim of any nature (including but not limited to damages sustained on account of loss of prospective commission or profits, or on investments, contracts, leases, or other commitments) resulting from or arising out of such termination, provided, however, that nothing in this section shall be construed as a release of any obligation that shall have accrued prior to the effective date of such termination and that is preserved pursuant to this Agreement.

23. Notices. Any notice provided for or concerning this agreement shall be in

writing and shall be deemed sufficiently given when either personally delivered or mailed by certified or registered mail to the address of each party as provided below. The address of either party may be changed by giving written notice of such change to the other party. Notices may also be given by such other means as are acceptable to and agreed upon by the parties to this Agreement.

A. Notices sent to Landers shall be addressed as follows:

24. Confidentiality. Information furnished by Landers to Licensee with respect

to the Downhole Equipment and its application, installation, operation and repair that is designated by Landers as confidential and proprietary and shall be held by Licensee in confidence during the term of this Agreement and for ten (10) years thereafter. Upon the effectiveness of termination of this License, all such confidential and proprietary information, including all copies of such information, and any other information not specifically designated by Landers for release to the public that may come into the possession of the Licensee during the term of this Agreement, including all copies of such information, shall be delivered by Licensee to Landers when requested to do so by Landers without making or retaining copies or excerpts of such information.

25. Disclaimer. IN NO EVENT SHALL LANDERS or LICENSEE BE LIABLE TO EACH OTHER

FOR INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES OR FOR LOSS OF ANTICIPATED

PROFITS ON ANY CLAIM OF ANY KIND RESULTING FROM ANY PERFORMANCE, NON-PERFORMANCE, OR BREACH OF THIS AGREEMENT OR OF THE LANDERS HORIZONTAL TECHNOLOGY.

26. NO WARRANTY. NO WARRANTY IS GIVEN THAT THE TECHNOLOGY WILL INCREASE

PRODUCTION ON ANY GIVEN WELL.

27. Landers Warranty. Landers will warrant the following: That he is the owner

of and has the rights to License the Horizontal Drilling Technology embodied in United States Patent #5413184 and #5853056.

28. Venue. The venue for any action arising out of any dispute between the

parties to this Agreement shall be Kentucky.

29. Entire Agreement. This Agreement shall constitute the entire License

Agreement between Landers and Licensee regarding the license of the Landers Horizontal Technology by Landers to Licensee, and any prior understanding or representation of any kind preceding the date of this Agreement and regarding the license of the Landers Horizontal Technology shall not be binding upon either party except to the extent incorporated in this Agreement.

30. Modification of Agreement. Any modification of this Agreement or additional

obligations assumed by either party in connection with this Agreement shall be binding only if placed in writing and signed by each party or an authorized representative of each party.

31. No Waiver. The failure of either party to this Agreement to insist upon the

performance of any of the terms and conditions of this Agreement or the waiver of any breach of any of the terms and conditions of this Agreement shall not be construed as thereafter waiving any such terms and conditions, but the same shall continue and remain in full force and effect as if no such forbearance or waiver had occurred.

32. Tax. All prices are exclusive of any Federal, State or Special Taxes

imposed on the sale or use of the Landers Horizontal Technology, merchandise and services listed, which taxes, where applicable to Licensee, will solely be Licensee's responsibility and borne by Licensee.

33. Authority. Each individual signing this Agreement on behalf of the

corporation or partnership represents that she or he has the necessary authority to execute this Agreement on behalf of such entity, and that in the case of a corporation, all necessary corporate action has been taken approving the execution of this Agreement.

34. No Guarantee on Performance. All parties agree success of this technology

is not guaranteed on every well or in every formation or strata. Drilling for oil and gas is a risky endeavor. It has been found that performance of this technology is improved when utilized in appropriate formations or stratum with appropriate downhole pressures and conditions at appropriate depths. The depth

of wells should not exceed 5800' (five thousand eight hundred feet). Performance of the Technology is improved with appropriate well preparation, e.g. scraping of the tubing and casing, concerning which detailed instructions have been given to Licensee. The success of this Technology is greatly diminished on deviated wells. It is further understood that Landers has strongly recommended that after the Technology is utilized on a well that clean up of the well formation/strata is necessary for optimal production. Landers has not represented the Technology under any circumstances beyond these limitations. The use of abrasives or acids is not approved with this equipment.

IN WITNESS WHEREOF, the parties have subscribed their names and signatures effective upon the date first written above.

3.A.Additionally, Licensee will pay to Landers as its License Fees, \$500.00 per well drilled in which the Landers Horizontal Technology is utilized in the Licensee's Area.

In addition, in consideration of the restructured license fee, Landers shall be nominated for appointment to a position on the Board of Directors of Licensee for the upcoming term of the Board and in any subsequent year in which this Agreement is in effect, all as subject to the requisite approval of the shareholders of Licensee, as otherwise required pursuant to the then-in-effect Bylaws and Articles of Incorporation of the Licensee and the California Corporation Code.

2. Section 6 of the Agreement shall be modified to read as follows:

6. Term. This Agreement shall become effective upon execution by both parties of this Agreement and shall continue until the expiration of the patent(s) on the technology licensed by Landers to Licensee hereunder, all as subject to earlier termination as otherwise expressly provided herein.

3. Section 7.B of the Agreement shall be deleted in its entirety, with the intention of negating either party's ability to terminate the Agreement without cause upon sixty (60) days advance written notice:

7.B This Agreement shall terminate upon the expiration of the patent(s) on the technology licensed by Landers to Licensee hereunder.

4. Landers hereto acknowledge that subsequent to the entry of the parties hereto into the Agreement, Licensee merged (the "Merger") with and into a California corporation formerly known as Reconstruction Data Group, Inc. ("RDGI"), which upon consummation of the Merger, was the surviving entity of such Merger and which thereupon changed its name to Verdisys, Inc. Landers acknowledges that pursuant to the terms of the Merger, the rights granted Licensee under the Agreement now reside with RDGI and further, that the effect of the Merger works no violation or breach upon the terms and conditions of the Agreement and that such Agreement remains in full force and effect.

5. Capitalized terms not otherwise defined in this Amendment will have the meaning set forth in the Agreement.

6. Except as supplemented and amended in this Amendment, the Agreement will remain in full force and effect.

IN WITNESS WHEREOF, Landers and Licensee have caused this Amendment to be signed by their respective officers thereunto duly authorized as of the date first written above.
