## **Landers Patents Assignment History**

### **U.S. Patent Nos. 5413184, 5853056, and 6125949**

- (1): Carl W. Landers, Catherine A. Landers, and Landers Horizontal Drill, Inc., of Madisonville, Kentucky.
- (2): The transaction between Carl Landers and Blast Energy Services is not recorded with the U.S. Patent and Trademark Office, but is documented in Blast Energy's filings with the Securities and Exchange Commission (SEC). The license fee was \$2.75 million plus 10% of gross revenues.
- (3): The Assignment of License from Blast Energy Services, Inc. to Maxim TEP, Inc. is not recorded with the U.S. Patent and Trademark Office, but is documented in Blast Energy's filings with the SEC. As consideration, Maxim provided approximately \$1.6 million and agreed to pay all required royalties.
- (4): Jet Drill Well Services, LLC is a subsidiary of Trinity Energy Holdings, LLC, according to the SEC filings of SinoTech Energy Ltd. (CTE).
- (5): Maxim TEP, Inc. sold the patents to Wes Technologies LLC for \$250,000, according to the SEC filings of Maxim TEP (now known as Conquest Petroleum Inc.).
- (6): Tianjin New Highland Science and Technology Development Company, Ltd. is a subsidiary of CTE, according to CTE's SEC filings.
